WAYLAND WASTEWATER MANAGEMENT DISTRICT COMMISSION

June 9, 2003

Mr. Madera  
Environmental Resources Management

RE: Outfall pipe

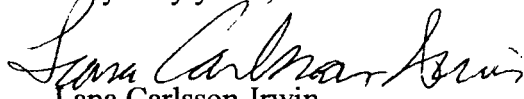

Dear Mr. Madera,

Distribution:
<b>REC'D JUN 12 2003 ERM Boston</b>
Client/Location: (# if contract file)
File Folder: _____

The Commission understands that your firm, Environmental Resources Management (ERM), will be engaged in excavation activities that will occur in the area where the outfall pipe from the town's Boston Post Road wastewater treatment facility is located. You have indicated to us that it will be necessary for ERM to temporarily relocate and/or redirect the outfall flow from the pipe.

The Commission has no objection to the plan as proposed by you at our April meeting. In granting this permission to ERM, ERM agrees to indemnify the town from any liability to the extent that such liability is incurred by ERM's activities. ERM further agrees to refrain from any activities which would cause the town to experience a violation of the treatment plant's NPDES permit.

Very truly yours,
