Re: Release Abatement Measure Plan Prepared by VERTEX
Environmental Services, Inc. on behalf of Twenty Wayland, LLC

Dear Mr. Burkhardt:

Environmental Resources Management (ERM) is in receipt of the document titled "Release Abatement Measure Plan, Former Raytheon Facility, 430 Boston Post Road, Wayland, MA, VERTEX Project No. 19163" dated 15 September 2011 and prepared on behalf of Twenty Wayland, LLC (Twenty) by VERTEX Environmental Services, Inc. of Weymouth, Massachusetts (Vertex). It is ERM's understanding that Vertex is seeking to satisfy requirements set forth in the "Deed Restriction" (Notice of Activity and Use Limitation, 21 October 1997). The Deed Restriction requires that parties conducting certain actions that "may render subsurface contaminated media, waste or debris accessible to exposure, shall submit, for approval by the LSP, a contingency plan..."

I consider the documents received from Twenty to date to be in accordance with the requirements of the Deed Restriction contingent on receipt of a certification that all response personnel will comply with applicable safety regulations, including 29 CFR 1910.120.

Please contact the undersigned at (617) 646-7800 should you have any questions.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read 'John C. Drobinski', is written over the typed name and title.

John C. Drobinski, P.G., LSP
Principal-in-Charge
