

PCE Concentration Contours  
GW-1 Standard 5 ug/L

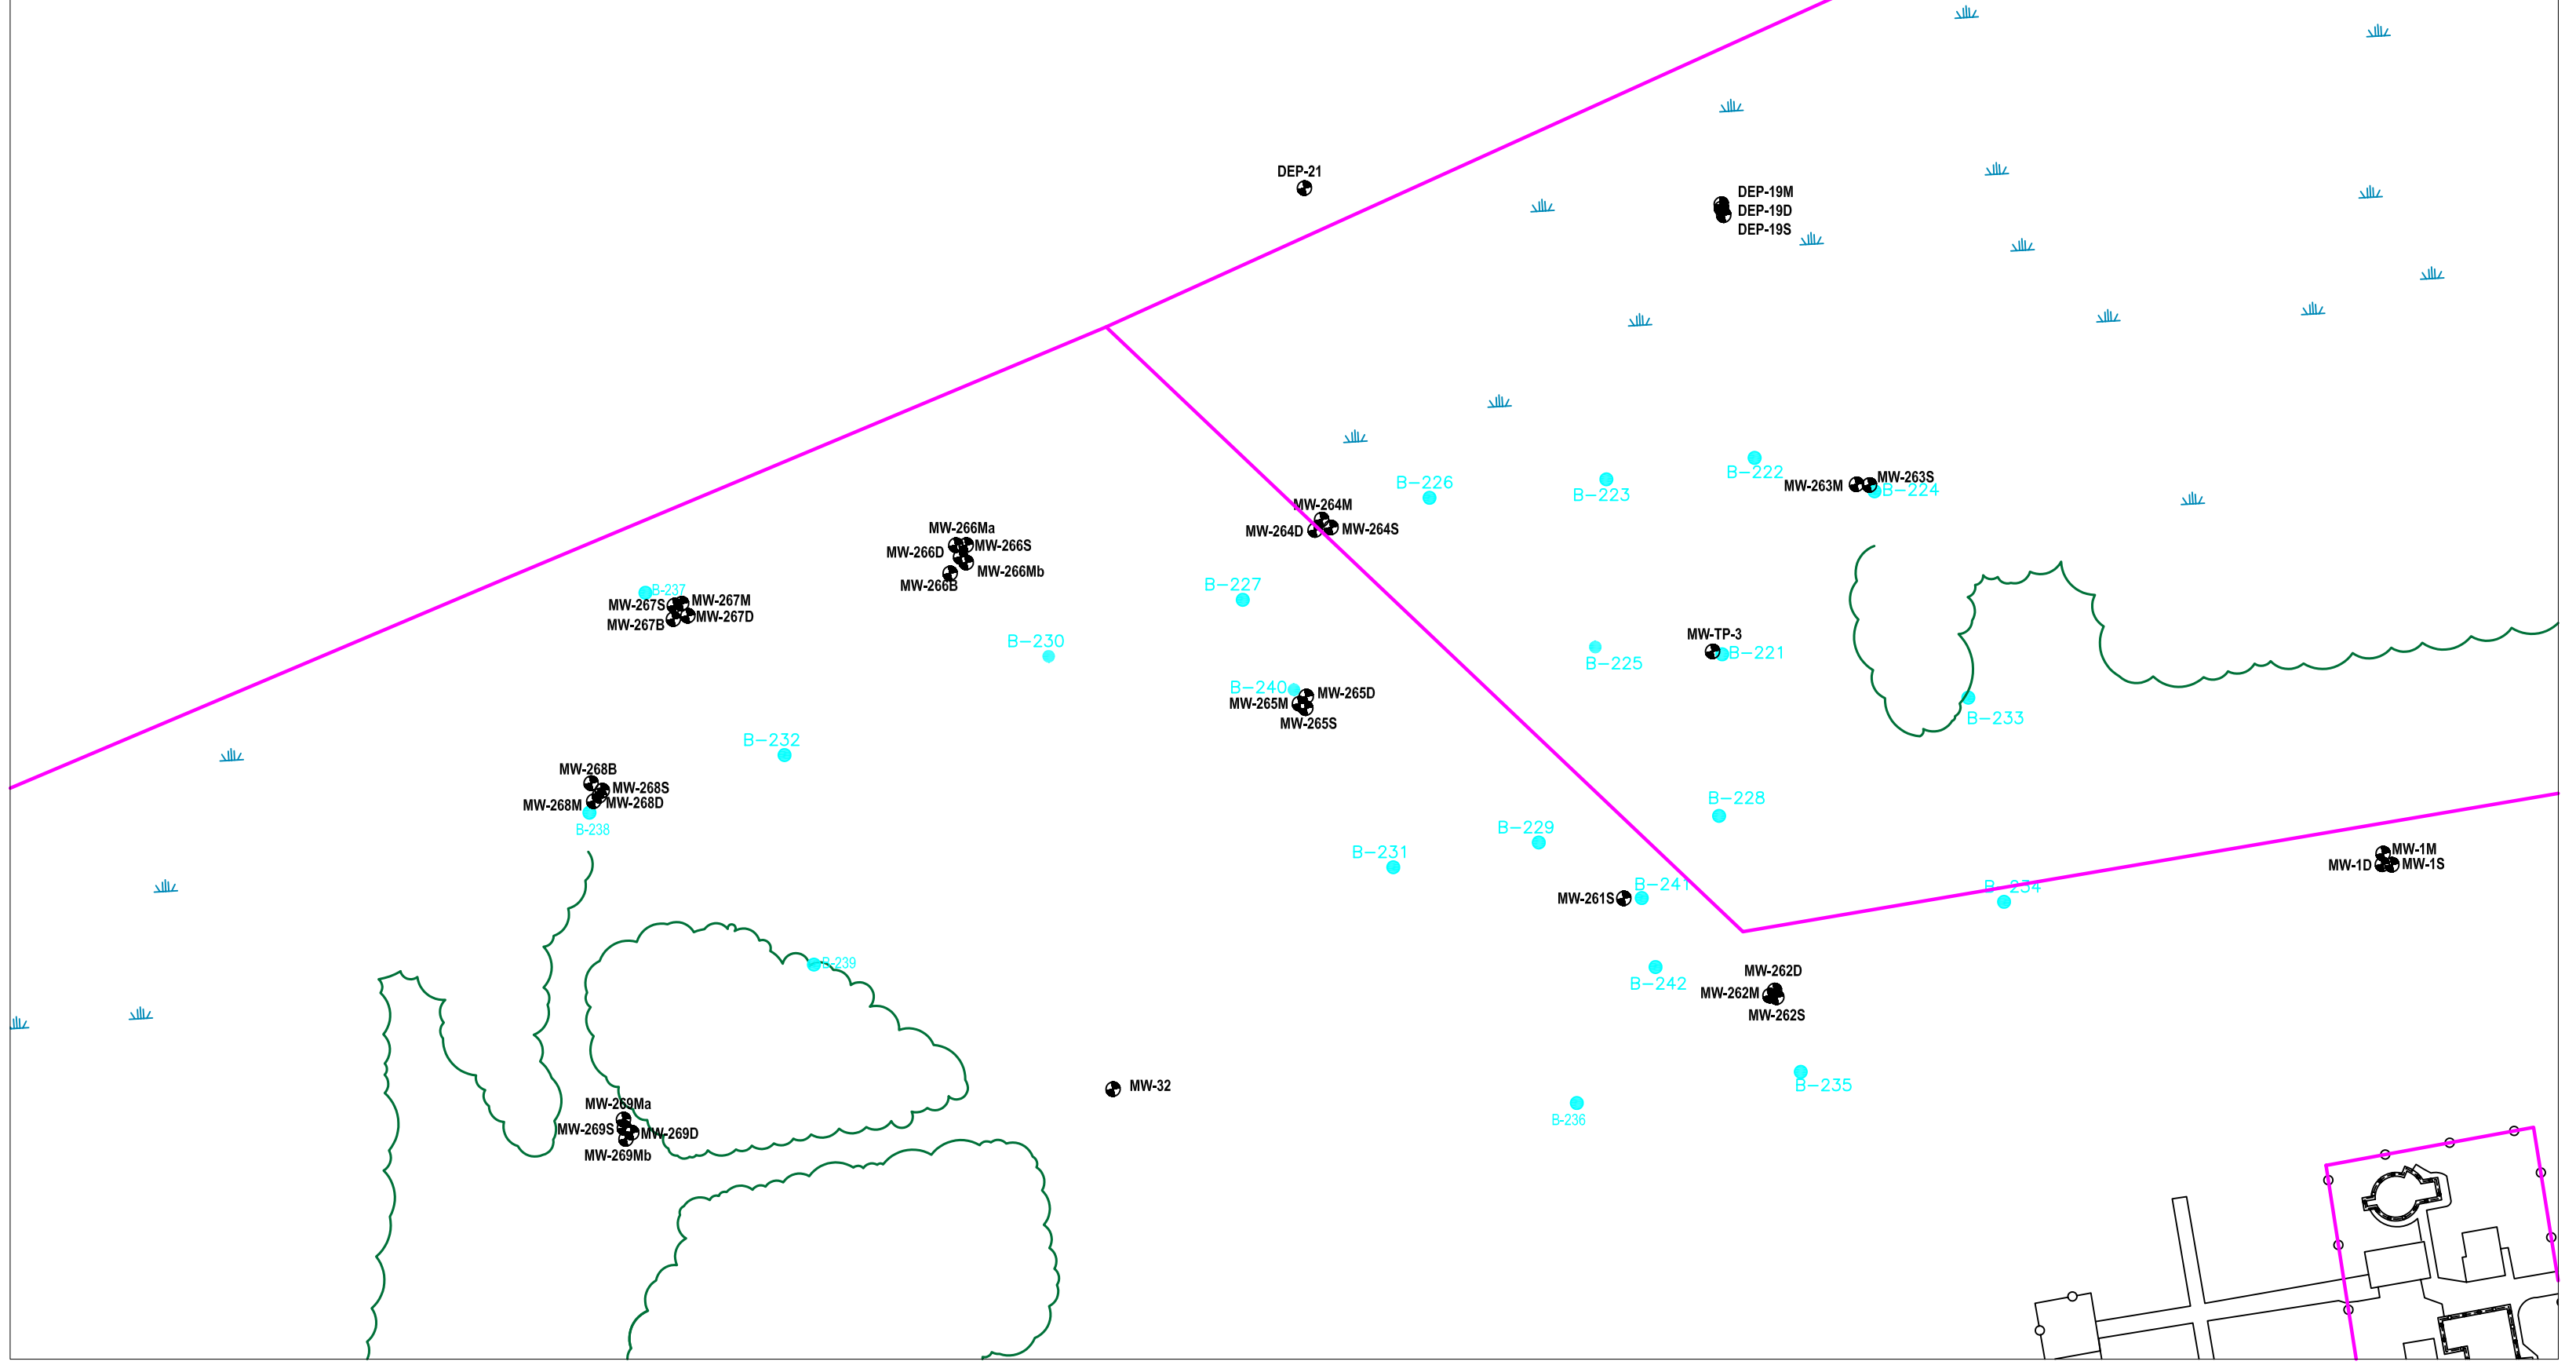

TCE Concentration Contours  
GW-1 Standard 5 ug/L

cDCE Concentration Contours  
GW-1 Standard 70 ug/L

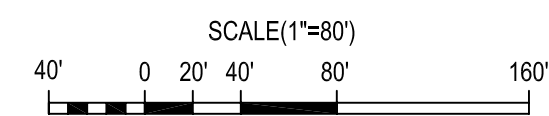

VC Concentration Contours  
GW-1 Standard 2 ug/L  
No Detections

Legend

- Tree Line
- Property Line
- Compound Concentrations (ug/L)  
(Duplicate If Applicable)
- Concentration Contour (ug/L)  
Dashed where Inferred
- Waterloo Profiler Location
- Existing Monitoring Well Location
- Not Detected

Notes:

Concentration contours presented based on the April 2003 groundwater sampling event. Historic Waterloo Profile Data not used in contours.  
Highest concentration at well clusters within fine sand and silt unit were used in plan view contours.
