

PCE Concentration Contours  
GW-1 Standard 5 ug/L

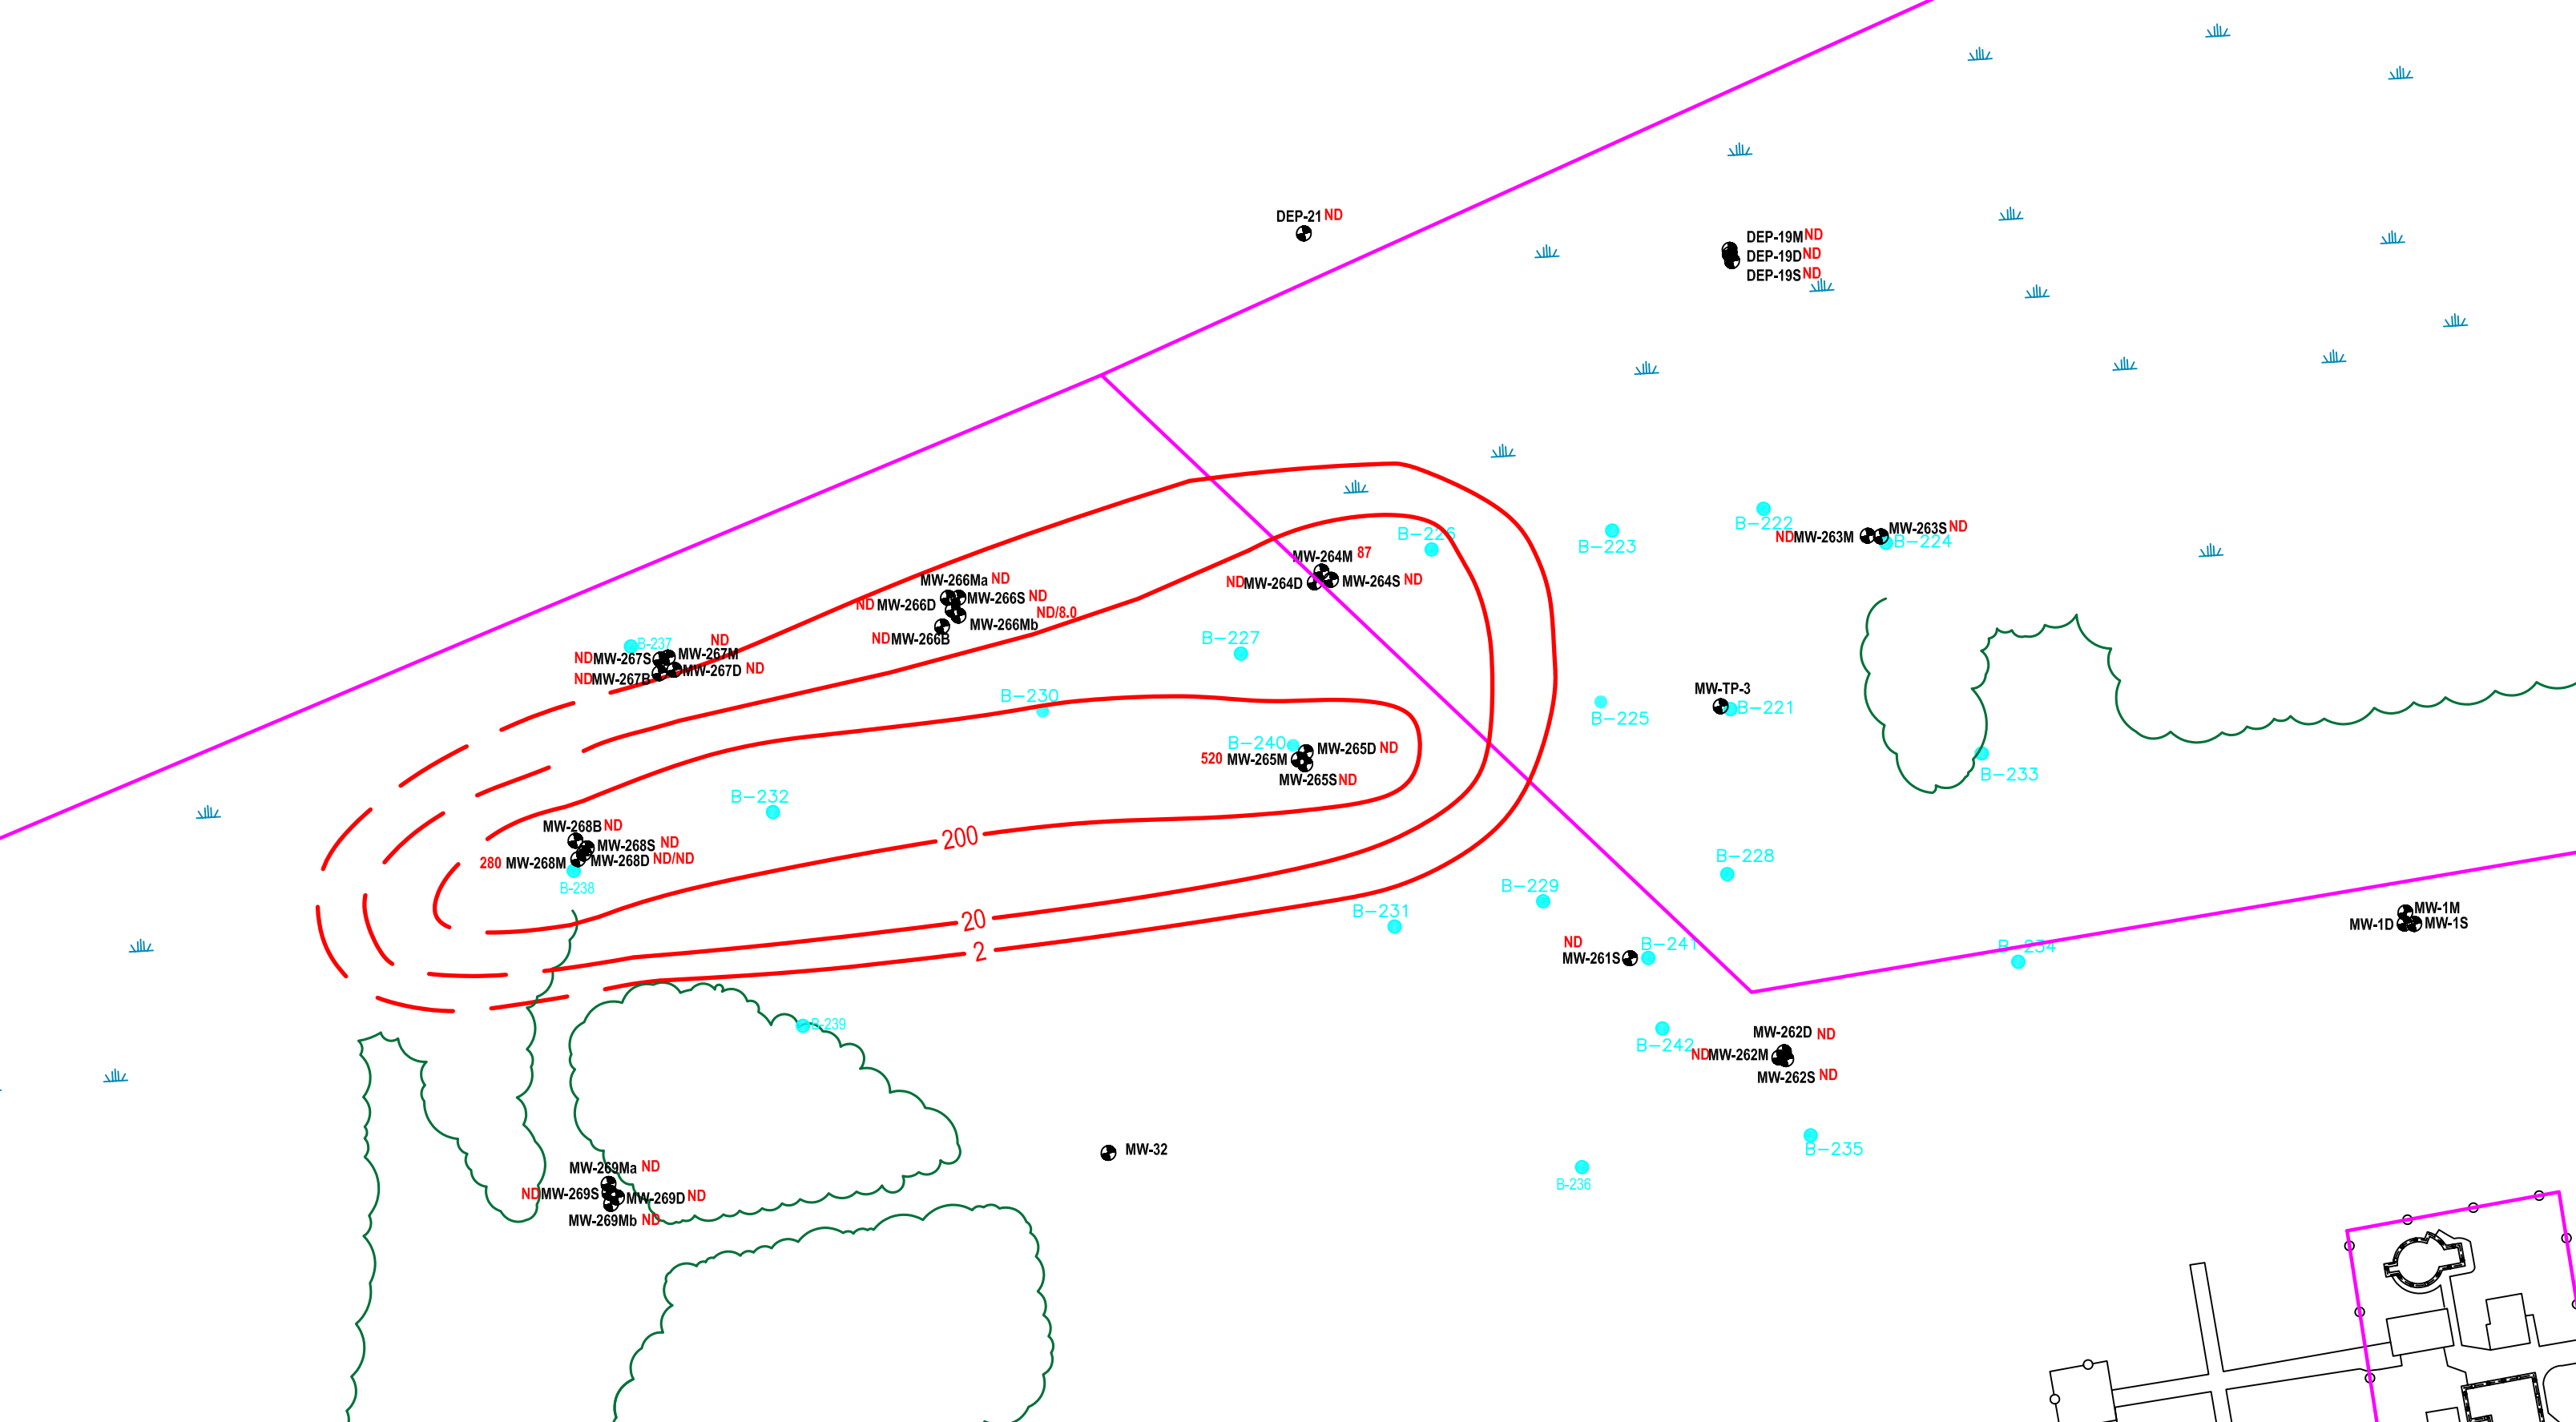

TCE Concentration Contours  
GW-1 Standard 5 ug/L

cDCE Concentration Contours  
GW-1 Standard 70 ug/L

VC Concentration Contours  
GW-1 Standard 2 ug/L

**Legend**

- Tree Line
- Property Line
- Compound Concentrations (ug/L)  
(Duplicate (If Applicable))
- Concentration Contour (ug/L)  
Dashed where Inferred
- Waterloo Profiler Location
- Existing Monitoring Well Location
- ND  
Not Detected

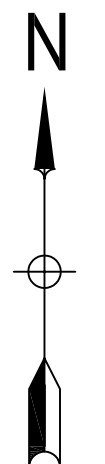

SCALE (1"=80')

0 20 40 80 160

Notes:

Concentration contours presented based on the October 2003 groundwater sampling event. Historic Waterloo Profile Data not used in contours.

Highest concentration at well clusters within fine sand and silt unit were used in plan view contours.
