**IF CHECKED, THE FOLLOWING ITEM(S) APPLY TO THIS NOTICE OF INTENT:**

A.  This project has been assigned the following file # : 322-0647  
Although a file # is being issued, please note the following:

**C.() Other Regulatory Jurisdiction**

1. () Application has been forwarded to Waterways Regulatory Program to determine if a Chapter 91 License is required.
2. () Applicant is advised to forward a copy of the Notice of Intent to the Corps of Engineers for review (call 1-800-362-4367 for information).

**D. () 401 Water Quality Certification**

The project described in your Notice of Intent requires a 401 Water Quality Certification from the Department of Environmental Protection and may require submittal of a 401 application form. See below for further details:

1. () **Based upon the information submitted in and with your Notice of Intent a separate 401 Water Quality Certification application form is not required.** The Department has reviewed the plans submitted by the applicant and finds that there is reasonable assurance that the project or activity will be conducted in a manner that will not violate the Massachusetts Surface Water Quality Standards, provided that:
  - a) the applicant receives and complies with a Final Order of Conditions from the local conservation commission or the Department;

- b) The Order of Conditions does not cause the loss of more than 5,000sq.ft. of bordering vegetated wetlands and land under water and/or the dredging of more than 100 cubic yards of land under water;
- c) any loss of vegetated wetlands has been mitigated with a minimum replication of 1:1; and is not part of a subdivision; does not cause the loss of any Wetlands designated as
- d) The project is not exempt from the M.G.L. c. 131, §40-the Wetlands Protection Act; Outstanding Resource Waters; and does not cause the loss of any salt marsh.

Therefore, provided that the above conditions are satisfied, the Final Order of Conditions will serve as the Water Quality Certification for this project. This does not relieve the applicant of the duty to comply with any other statutes or regulations.

2. () Before the activity described in the Notice of Intent can commence, you must obtain a Water Quality Certification form from this Regional Office. **Please complete the enclosed 401 Water Quality Certification application form and file it with this Regional Office for review.**

3. () Your project involves dredging of greater than 100 cubic yards of material or requires a permit from the Federal Energy Regulatory Commission for work in "waters of the Commonwealth." Therefore, your proposed project is subject to 314 CMR 9.00 and requires a Water Quality Certification. **Please complete the enclosed 401 Water Quality Certification application form and file it with the Department of Environmental Protection, Waterways Program, and One Winter Street, Boston, MA 02108.** Contact the Division of Waterways program at 617-292-5655 if you have and questions.

For more information please contact: Mr. MICHAEL ABELL at 978 694-2224.
