Re: Notification of Intent to Commence Field Activities  
Determination of Applicability D-651  
Former Raytheon Facility  
430 Boston Post Road  
Wayland, Massachusetts

Dear Mr. Monahan:

On behalf of Raytheon Company (Raytheon), Environmental Resources Management (ERM) has prepared this notification of intent to recommence field activities in accordance with the 14 April 2005 Determination of Applicability D-651 from the Town of Wayland Conservation Commission (Con Com).

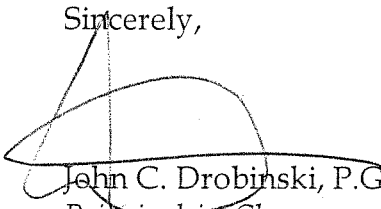

In a letter dated 12 June 2006, ERM informed the Con Com that field activities in accordance with D-651 were completed. However, a site walk to verify compliance with D-651 was not completed. Additional soil data, in accordance with RDA-651, is necessary; therefore soil sampling activities under D-651 will recommence.
