RTN 3-13302, Permit No. 133939

Dear Mr. Jeff Ritter:

Raytheon Company has begun excavation and remediation activities associated with the impacted wetland soil/sediment at its former facility on Boston Post Road. This project involves the excavation and restoration of approximately 1.8 acres of impacted soil/sediment within bordering vegetated wetland areas.

We would like to invite you to a presentation Raytheon will be conducting on February 12, 2004. The presentation will involve viewing the remediation and restoration activities currently being performed. We have scheduled the presentation for February 12, 2004 at the following times:

9:00 a.m. to 9:30 a.m.
12:00 p.m. to 12:30 p.m.
2:00 p.m. to 2:30 p.m.

Raytheon is committed to improving and protecting the environment and natural resources in your community. We look forward to seeing you at the meeting and welcome your continued participation in this important project.

Sincerely,

Edwin P. Madera
Raytheon Company
Sr. Environmental Engineer

Directions

The former Raytheon facility is located at 430 Boston Post Road (Route 20), approximately 1 mile west of Route 27. There is a large Polaroid sign on the right at the entrance. Drive into the parking lot to the construction trailers at the far end. There will be a sign or person directing people to the appropriate observation area.
