Dear Mr. Jeff Ritter:

Raytheon Company (Raytheon) submitted an Environmental Notification Form (ENF) to the Massachusetts Executive Office of Environmental Affairs (EOEA) on February 7, 2003 seeking approval for the proposed wetland remediation and restoration plan for the Site consistent with the Massachusetts Environmental Policy Act (MEPA). Raytheon proposes to excavate and restore approximately 1.5 acres of impacted wetland at the Site. As part of that process, Raytheon responded to public comments and submitted a Single Environmental Impact Report (SEIR) on May 19, 2003 to the EOEA. In accordance with the MEPA process, public comments on the SEIR are due to the Massachusetts Office of Environmental Affairs by July 10, 2003. Please forward any comments on the SEIR to the following:
